

Phonics pre-reading Week 4

Practise writing the sound of the day in your workbook.

Can you think of two words that start with the sound of the day? Write them in your workbook, making sure you sound out the word e.g. c-a-t. Then find as many objects as you can around the house that start with the sound of the day.

Ask an adult to sound out these words. Can you tell them which word they are trying to spell?

Read your red words with an adult and think of a sentence with each red word in it. E.g.

The cat sat in the sun.

Friday

Play Buried Treasure using the link below:

<https://www.phonicsplay.co.uk/BuriedTreasure2.html>

Select phase 2 and then revise all phase 2.

The aim of the game is to sound and read each word. If it is a real word drag it to the treasure chest and if it is a made up word drag it to the bin. See how many words you can read correctly.
