

Hello Year 3, during Maths this week we will be looking at money and using our times tables, you will be using the BBC Bitesize website to complete your maths work. During English we are going to be exploring different books and developing our love of reading. Some of you have emailed me to tell me about the books that you have been reading, this is fabulous and I have loved learning about some new books that I had not come across before.

I would love to see what work you have been doing, especially your 'Tomato mummification' and 'Bendy Bones' experiments this week, or if you have seen or done anything interesting during your daily exercise. Contact me on year3.montalbo@durhamlearning.net
