

# INTERVIEW WITH AN ORTHOPAEDIC VET

**Q1.** What changed Toby's mind from wanting to become a cattle vet to wanting to become an orthopaedic vet? Find the evidence in the text which shows why he changed his mind.

---

---

---

---

**Q2.** How has technology helped Toby to heal a puppy?

---

---

---

---

---

---

---

---

**Q3.** The article has been divided into sections with a question for each one. Which section tells you about the qualities you'd need to become a vet?

---

---

**Q4.** Can you come up with your own question for any of the sections?

---

---

---

---

**Q5.** Put a T or an F in the boxes next to each statement to show whether the information is true or false.

- It helps to spend as much time as possible working with animals on farms or in kennels.
- Bones will always heal themselves back to normal.
- A bad break in an older animal might take 2-3 weeks to heal.
- Toby is a specialist in Solihull, West Midlands.
