

Unusual Graphemes

Some of the words on your list contain 'unusual graphemes' – letters or strings of letters that don't make the sound you are expecting them to. For example, in the word 'said', the letters string 'ai' makes the sound 'e'.

Look at these words. Choose a coloured pen or pencil and underline the unusual graphemes within each of them.

said	love
school	some
they	friend
your	once
there	my

Challenge: Can you find any more unusual graphemes in the words on the common exception word list?
