

## Handing in work

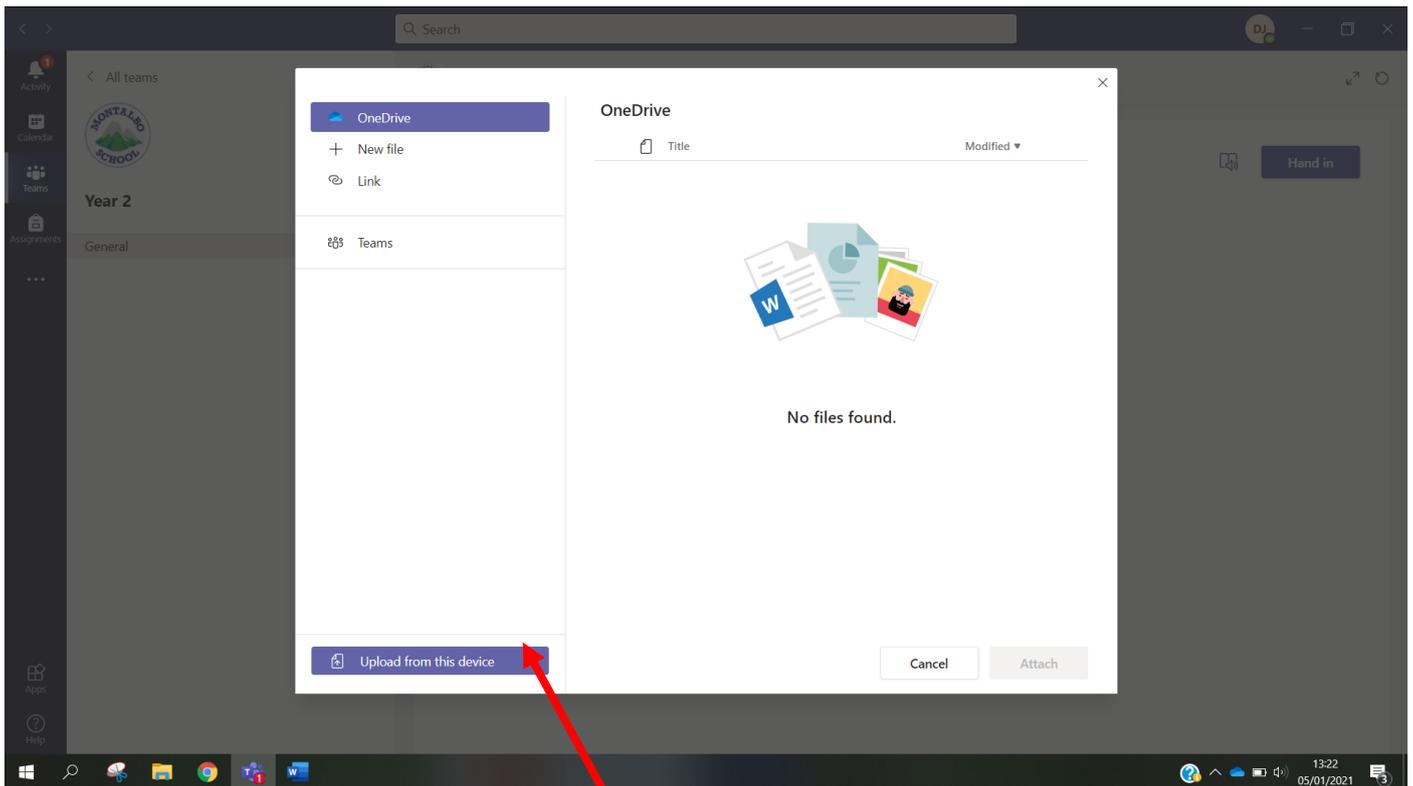

Click on your class channel. This will take you to the main page of your channel where you will find notifications of lessons and assignments.

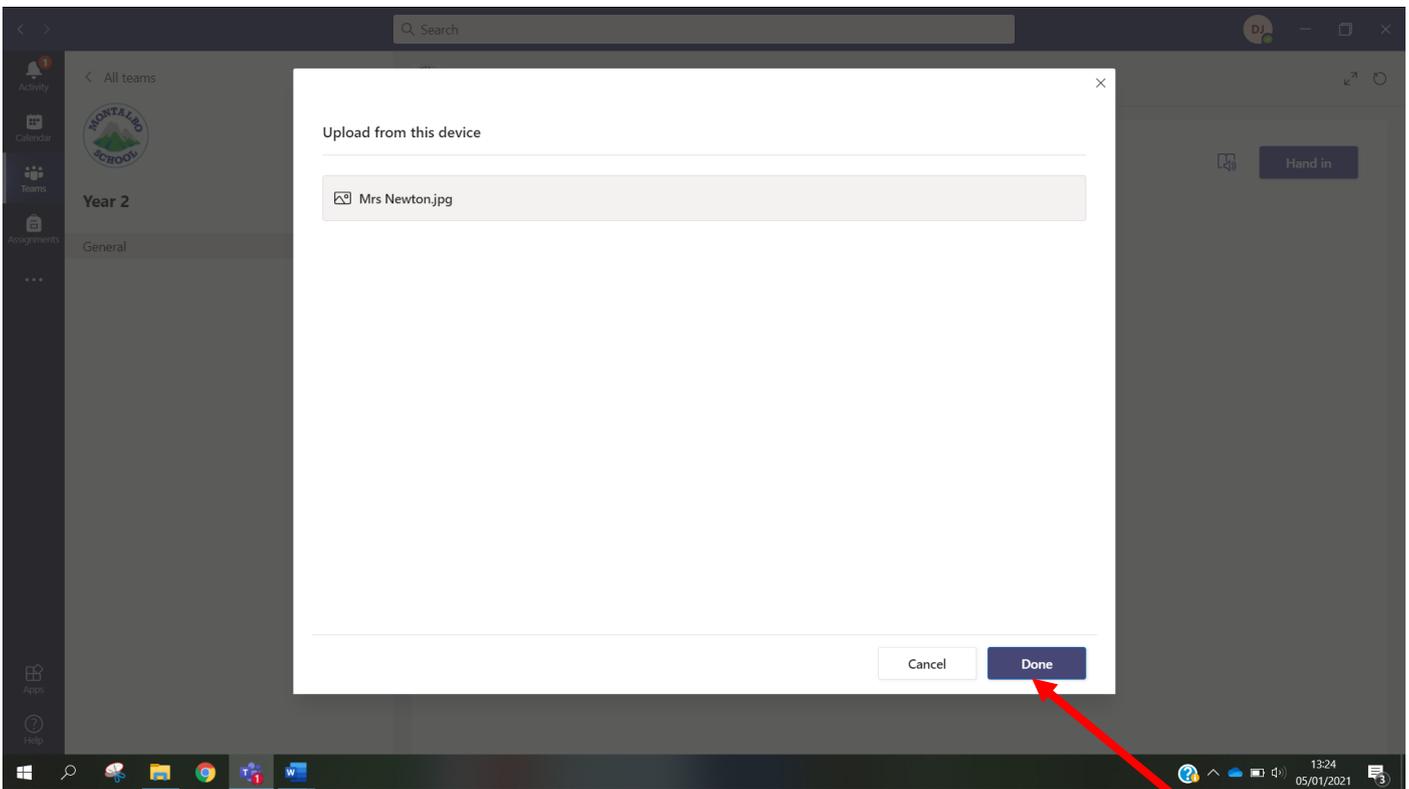

Access your class channel and click on assignments at the top. Here you will find a list of assignments that are completed and yet to complete. Select the correct assignment.

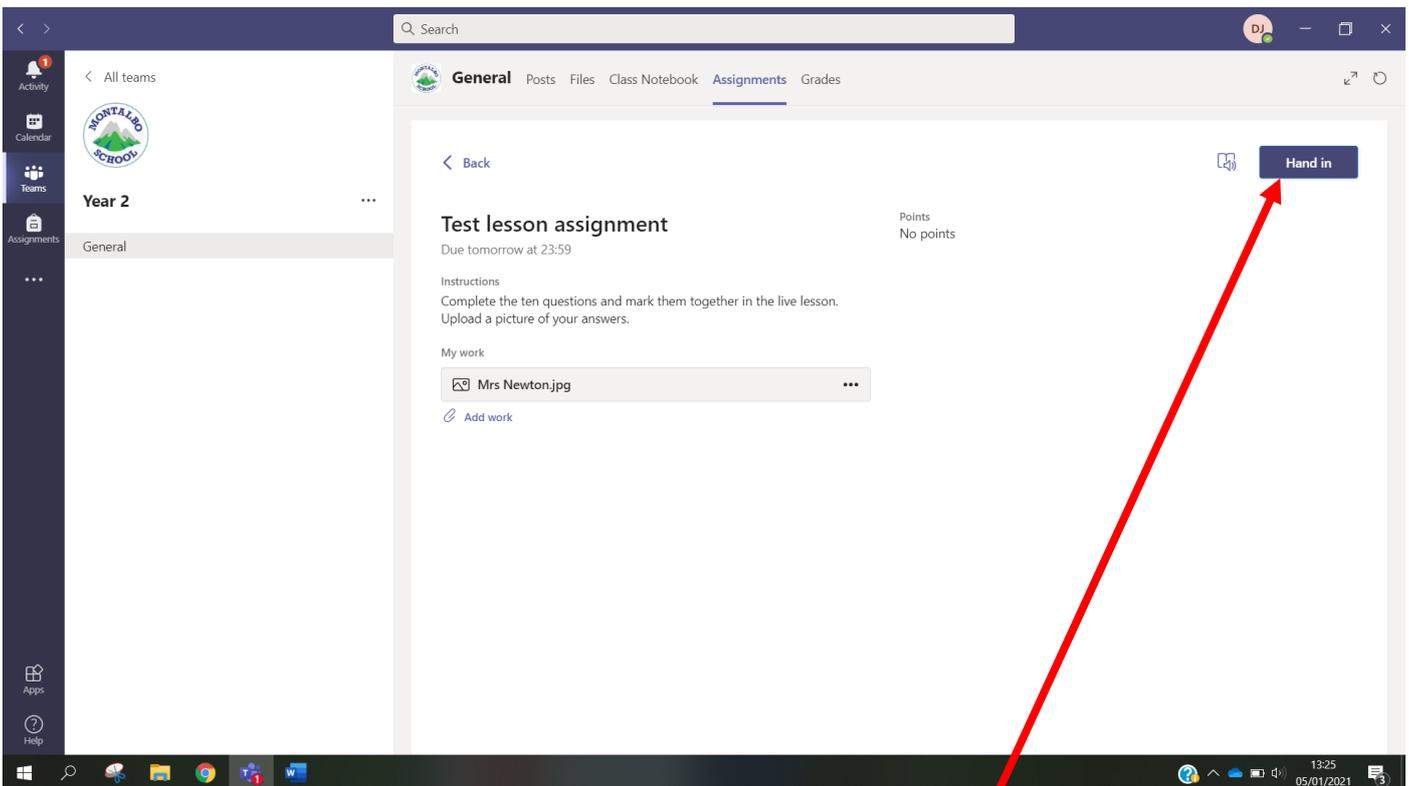

Click on add work.

Select where you are adding your work from

Once you've selected your item, click done. Make sure you have saved your upload as something sensible.

Click on hand in.
