Dear Dr Blezard

I am writing to you on behalf of the Prime Minister to thank you for your Year 4 pupils' excellent letters on the Antarctic Treaty, which were passed to this Office by your former MP Ms Dehenna Davison.

Please find enclosed a response for your students, sent with our very best wishes.

Yours sincerely

Dear Year 4 Pupils

I am writing to you on behalf of the Prime Minister to thank you for your excellent and persuasive letters concerning the Antarctic Treaty, which were passed along to this Office by Ms Dehenna Davison.

It is wonderful to read such well written letters, containing amazing detail about Antarctica, particularly how cold and windy it is - a truly remarkable wilderness. Climate change and the Antarctic Treaty are incredibly important subjects, and thanks to your letters, my colleagues and I learned much more about the science and beauty of the continent. As I hope you will understand, the Prime Minister is not able to make any commitments in the period before a General Election, and therefore will not be able to respond to your requests. However, please note that your articulate and passionate concerns have been carefully noted.

On behalf of the Prime Minister, please accept my best wishes to all the students and staff in Year 4 at Montalbo School, and thank you, once again, for taking the time to write.

Yours sincerely

MANDY GODRIDGE
